SUMMARY

Detail-oriented and energetic Full Stack programmer with a high commitment to work and performance. I have extensive experience developing front-end applications using React.js, as well as creating APIs and back-end solutions with Node.js.
I am looking for creative and challenging experiences where I can further develop my technical skills and bring innovative and effective solutions.

PROFESSIONAL SKILLS

Programming Languages	Javascript Typescript Python
Libraries/Frameworks	React.js, Node.js, Express.js, Next.js, Nest.js, Git, Node.js, Docker, HTML5, CSS3
Database	MongoDB, Firebase, PostgreSQL, SQL
Platforms	Vercel, Heroku

WORK EXPERIENCE

CHIEF INFORMATION SECURITY OFFICER   (2023 - Present)
IBM

- Application Security Management: I lead the security of a global internal application at IBM, implementing critical security measures to protect data integrity and confidentiality.
- Vulnerability Scanning and Mitigation: I perform vulnerability scans using Contrast and develop custom solutions, such as middlewares, to mitigate specific risks.
- Incident Management: I have led the resolution of security incidents related to CSRF, MIME sniffing and clickjacking, significantly improving incident response.
- Access Coordination: I coordinate access to the internal application through AccessHub, managing permissions and ensuring proper control over who can access which resources.

FULL STACK DEVELOPER   (2021 - Present)
IBM

- I am leading the development and testing of code for one of IBM's internal web apps, covering both front end and back end.
- Design and development of interfaces and components using React JS, ensuring a smooth and efficient user experience.
- I developed APIs using Node JS and Express JS, and managed their integration with the front end to ensure proper functionality and communication between systems.
- I implement and maintain databases using MongoDB and Cloudant, a non-relational distributed database service based on CouchDB.

FULL STACK DEVELOPER   (2021)
Freelancer

FRONT END DEVELOPER   (2021)
RAXAR S.A
